

CHARACTERISTICS OF DEVELOPMENT

CULTURAL MODEL'S BASIS	TRUTH /BIBLICAL MODEL
What the world is doing or what I think	What does God want? God's ways not our ways.
Money is the barometer of success/center piece	Obedience & process is what God expects
One <u>Man</u> is the key	Trust in God not man
Man is credited with fundraising	Inward expulsion (heart) not outward compulsion
Divisive; disruptive to staff	Unity; conviction of the Holy Spirit
Money/people are our provision	God is our provision
Our needs paramount	Donor's interest first
Implemented without discussion method	Openness and counsel
